MICROPUL POWDER COATING ROHS COMPLIANCE LETTER

Date: 31.01.2025

Company Name: Micropul Powder Coating

Product Name: Powder Coating

ROHS COMPLIANCE DECLARATION:

This letter declares that the all powder coating produced by Micropul Powder Coatingis in compliance with the European Union's ROHS (Restriction of Hazardous Substances) Directive 2011/65/EU and its updated amendment directive 2015/863/EU.

The product has been tested to remain below the legal limit values for the following harmful substances:

Lead (Pb): 0.1 % (1000 ppm)

Mercury (Hg): 0.1 % (1000 ppm)

Cadmium (Cd): 0.01 % (100 ppm)

Hexavalent Chromium (Cr6+): 0.1 % (1000 ppm)

Phthalates (DEHP, BBP, DBP, DIBP): 0.1 % (1000 ppm)

Flame Retardants : 0.1 % (1000 ppm)

As a result of the tests and analyzes, our powder paint remains below the legal limits for all the harmful substances mentioned above and is produced in a way that will not harm the environment and human health.

This compliance letter documents that our product is fully compliant with ROHS standards and is produced in accordance with the relevant legislation.
